

Clarity of End Result

- Chose an important responsibility or project to work on:

- I want to achieve the following specific result(s)

- I want to achieve it because:

- This will contribute to corporate objectives in the following ways:

- The consequences of achieving it/not achieving it are:

- Where am I now? My starting point is:

- Who else needs to be involved?

- How confident am I that I will achieve the result with ease? %
- The obstacle(s) I see affecting the ease with which I can achieve the result, and/or the quality of the end result are:
